With more than 60 years' experience Novenco Building & Industry is one of the market leaders for tunnel ventilation systems.

In 1977 Novenco B.V. supplied her first tunnel ventilation system in the Netherlands. Since then a unique know-how has been built-up on tunnel ventilation systems.

Novenco Building & Industry has developed to a market leader for the design and installation of ventilation systems which are distributed worldwide through local offices and representatives.

Novenco Building is part of the Schako Group and currently consists of the parent company in Denmark and subsidiaries in The Netherlands and the UK. We also have offices in Germany and the United Arab Emirates.
