Do you have an urgent situation with old, worn-out or broken fans?

The NOVENCO® ZerAx® fans are known as the most energy-efficient and eco-friendly choices on the market and are now available as stocked fans with all accessories needed for fast retrofitting of old fans.

We have four sizes of ZerAx type AZL in stock that are ready for immediate delivery.

Included in the shipment are a recyclability rate of 98%, a fan efficiency of up to 92% and a product life of 20+ years, all to easily get started with saving energy and climate from day one.

Package contents

- NOVENCO® ZerAx® type AZL (customer choice)
- PM motor (IE5)
- Programmed frequency converter *
- Horizontal support frame with vibration dampers
- Short diffuser
- Flex-connection for outlet
- 2 pcs. duct spigots

* The frequency converter is a Danfoss Basic FC-101 and is delivered programmed for maximum operational conditions.
